GRADUATION CLIMAXES TWELVE YEARS OF PROGRESS.

TOMORROW

*On this Commencement Day, we students
face a new horizon.*

*A new realization dawns within our minds
and hearts.*

*With all its glowing warmth, its exciting
movement,*

*Life has suddenly magnified itself before
us.*

*We lift eager faces, reach out eager hands
to claim our heritage.*

*Before our eyes unfolds the great gift of
living.*

Ours, to do what we can, what we will!

Ours, the power to create or to destroy.

*Ours, the responsibility of success or
failure.*

*The time has come for us to prove that
"In ourselves our future lies."*

— Mary Glaske

IN OURSELVES

We look with fear upon our world,

Upon our generation,

Upon ourselves.

Our future is dark, cloudy, ominous,

Filled with doubt and misunderstanding.

Work, courage, and understanding —

We know now that these have guided us.

We face the challenge!

There is work for all to do

In a world confused,

A world uncertain of its values.

We know that we must work hard,

Keep up our courage,

Strive constantly for understanding,

For, "In ourselves our future lies."

— Shirley Norman
